KITCHENS FOR EVERYONE

intelligent and functional

The company was founded in 2011 by Annette and Jack Szulzycki. We have been built a highly skilled and loyal team to provide a consistently first-class level of service. Both Jack and Annette remain very hands-on to ensure such high quality is maintained.

We're seasoned craftsmen and engineers. We build kitchens to be beautiful, to be functional, to impress and to last.

We combined our unique brand of design flair with technical know-how to create a stunning, contemporary family kitchen that's perfect for everyday living and entertaining

TRUST US
